

SEA TVET

Chiang Mai Joint Statement on Harmonisation and Internationalisation of TVET in Southeast Asia

PREAMBLE

1 We, high-level education officials responsible for technical and vocational education and training (TVET) and representing eight SEAMEO Member Countries (Brunei Darussalam, Cambodia, Indonesia, Lao PDR, Malaysia, Myanmar, Philippines, and Thailand) met in a High Officials Round Table Meeting in Chiang Mai, Thailand on 25 August 2015 to determine policy directions of TVET development and collaboration in Southeast Asia, and identify strategic framework and priority areas of development especially on prospects of harmonisation and internationalisation of TVET.

2 The First High Officials Round Table Meeting on TVET in Southeast Asia is in pursuit of the directive of the education ministers of Southeast Asian countries that comprise the SEAMEO Council during the SEAMEO Strategic Dialogue of Education Ministers held in September 2014 in Vientiane, Lao PDR which identified TVET as one of the seven Post-2015 and Post-Education for All priority areas of SEAMEO.

3 Furthermore, the High Officials Round Table Meeting on TVET in Southeast Asia is in support of recent global and regional declarations on the promotion and enhancement of TVET such as the Third International Congress on TVET which focused on “Quality Education and Skills Development for Sustainable Future” and was held in Shanghai, Peoples Republic of China in May 2012; and the Kuala Lumpur Declaration on “Making Skills Development Work for the Future” held in Kuala Lumpur, Malaysia on 3-5 August 2015.

4 Cognisant of the increasing integration in the world and in Southeast Asia and the efforts of governments to address labour market demand which will help bring about economic growth and social development, the importance of working together towards harmonisation and internationalisation of TVET is key to ensuring greater mobility and competitiveness, not only of single and individual countries of the region, but the entire Southeast Asia as a unified community.

AFFIRMATIONS

- 5 With the foregoing antecedents, we therefore recognise and affirm the following:
1. That TVET plays a fundamental role in preparing the labour force in Southeast Asia, and that the industry is an important driver of economic growth;
 2. That by synergising efforts of SEAMEO Member Countries on TVET, Southeast Asia can be more ready for ASEAN integration;

3. That there is a need for continuous and strategic discussion to help direct regional cooperation on TVET in Southeast Asia; and
4. That harmonisation and internationalisation of TVET is vital key to competency development and quality improvement of this sector in Southeast Asia.

AREAS AND STRATEGIES FOR COOPERATION

6 In support of precursor global and regional declarations on TVET and our foregoing affirmations, we therefore agree to the following:

1. Cooperate in the review and share the development of respective TVET national quality assurance and qualifications framework of SEAMEO Member Countries referring to the ASEAN Qualification Reference Framework (AQRF).
2. Establish SEA-TVET consortium as a mechanism for overseas student and staff exchange, which shall include industrial attachment and internship.
3. Agree that Hospitality and Tourism is the first priority industry sector as a pilot for implementing regional harmonisation. Other priority industry sectors such as 1) Electronics, Mechatronics, and Manufacturing; 2) Agriculture and Fishery; and 3) Construction will be implemented in the later stage.
4. Share knowledge, best practices, and resources, including experts, teaching and learning systems and materials, and equipment for enhancing cooperation to improve the quality TVET in Southeast Asia. Online TVET portal will be used as a platform to enhance information sharing. (<http://seatvet.seameo.org>)
5. Carry out TVET occupational mapping by priority industry sector and by geographical area in cooperation with industry and other agencies to narrow the gap between demand and supply for future labour force in the region.
6. Address several components, such as green TVET, technopreneurs, innovative practices in TVET, teacher education and training, and TVET for all as part of harmonization and internationalization of TVET initiatives in Southeast Asian region.
7. Mobilise stakeholders in a concerted effort to create strategies and share responsibilities for harmonisation of TVET.

Adopted on 26 August 2015 in Chiang Mai, Thailand

at High Officials Meeting on Southeast Asia Technical and Vocational Education and Training (SEA-TVET)

organised by the Office of Vocational Education Commission, Ministry of Education Thailand; SEAMEO, and British Council
