## Lesson Learnt from the programme

- "I learned education management , and teacher & student development in ASEAN and China Schools"
- "I learned standard of college and university, quality vocational training, and good quality of curriculum and teacher"
- "I learned how to manage, how to collaborate, how to respect and build cooperation with other school and university. I saw a big hope, a chance and also possibility for my students to get scholarship in China."

Southeast Asian Ministers of Education Organization

## Impression (Testimonial)

- "I am happy to know that there are a lot of opportunity for the students to get scholarhip. Besides, we can also cooperate among high schools around ASEAN and China"
- "As we visit the universities in China, we see how greatful their education is. The students seem to enjoy their stay at the university while learning. As what we experienced, their economy will grow and succeed."

Southeast Asian Ministers of Education Organization

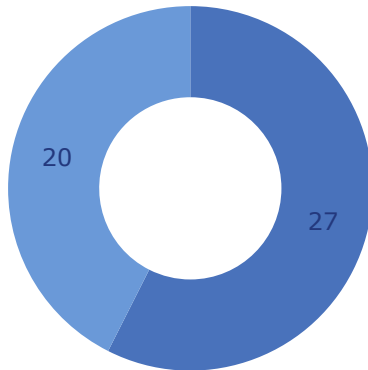

## Impression (Testimonial)

- "This will be the first time for my senior high school students to recommend higher study in China. Though it might be challenging to convince them, but i am sure this will give them view that continuing university in Jianguo province can be one of the best choices for their further education."
- " I was amazed by the management of the school, feeling proud to be there and get involved in the dialogue and glad to get networking with other schools in China and South East Asia."
