#### **B. Background, Description and Objectives of the Activity**

For the past seven years, the annual EE-Net meetings organized with the support of EE-Net members had provided an avenue for sharing information and experiences on topical issues related to entrepreneurship education. This year, in collaboration with the Chinese National Commission for UNESCO and Zhejiang University, supported by UNESCO Chair in Entrepreneurial Education at Zhejiang University and UNESCO EE-Net National Chapter in China, UNESCO Bangkok was convened the 8th UNESCO-APEID Meeting on Entrepreneurship Education, Entrepreneurship Education for the 4th Industrial Revolution, on 9-11 October 2019 in Hangzhou, China.

Bringing together policymakers, academics and practitioners, the meeting aims to discuss how entrepreneurship education can equip students with relevant knowledge, skills and aptitudes in preparation for the 4th Industrial Revolution, and explore partnerships to facilitate the digital transformation of entrepreneurship education in the region.

#### **C. Objectives of the meeting**

- Identify potential impact of the 4th Industrial Revolution on education;
- Discuss entrepreneurship education responses to meet the demands of the 4th Industrial Revolution;
- Share good practices of entrepreneurship education in preparing youth for the 4th Industrial Revolution; and
- Explore partnerships and collaborations among EE-Net members in meeting these demands.

#### **D. Participants**

About 80 international participants attended the meeting. They included representatives from government agencies, educational institutions, private sector, civil society and international organizations. The Chinese hosts covered local costs including accommodation (4 nights, checking in

on 8 October 2019 and checking out on 12 October 2019), field trip and meals during the meeting. Participants supported their own travel costs to Hangzhou and other expenses.
